

Literature management

Web importer.  
PDF organizer.  
Local/personal cloud.  
Groups + Collab possible.

Note taking

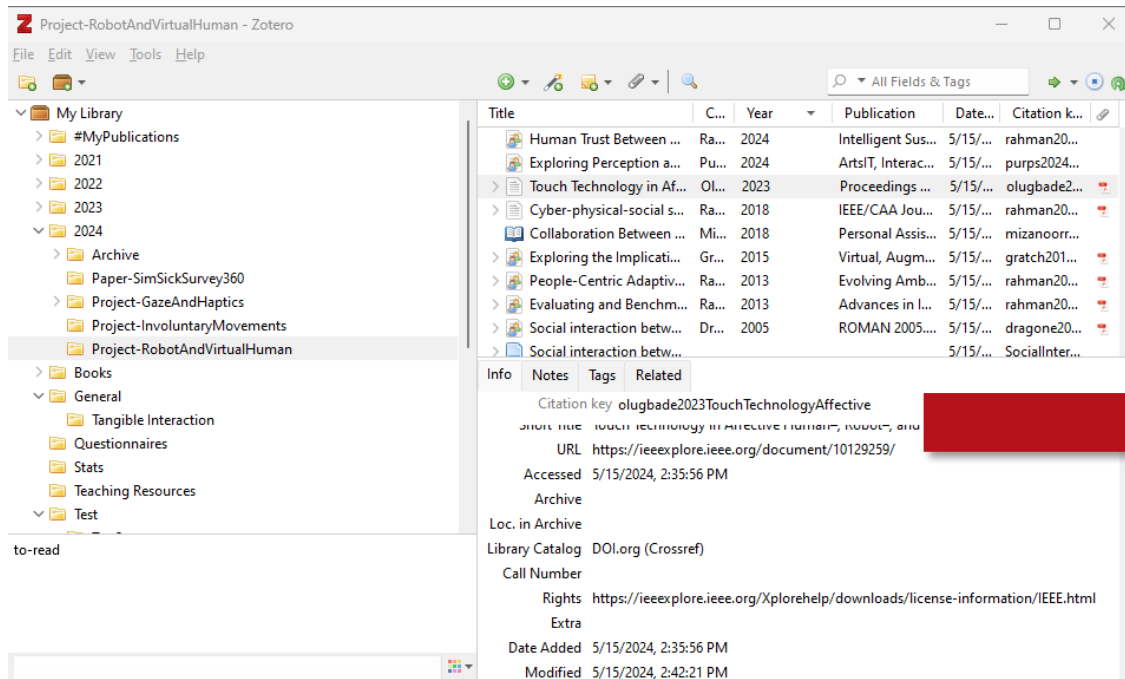

Second brain – link/connect.  
Fast and lightweight.  
Markdown + other file types.  
Connects to Zotero.  
Local/personal cloud + Git

Writing

Connects to Zotero (avoid  
copy-paste of bib files)

# zotero → OBSIDIAN

Research

# So what?

---

- Nice:
  - Once set up, makes (my) life easier.
  - Nice workflow
  - Continuous notetaking → everything in one place and connected
- Not so nice:
  - Setup and maintenance smt. Cumbersome
  - A lot of customization options means a lot needs to be customized
  - Learning / accustomization curve a bit steep.
